The Rubell Family Collection/Contemporary Arts Foundation is probably the most popular and well-known of the private collections in Miami. It is also one of the best and most in-depth, having been put together by Don and Mera Rubell over the course of 50 years. Opening on occasion of this year's Art Basel Miami Beach edition, the Foundation's first floor contains six commissioned solo exhibitions by the following artists: Will Boone, Aaron Curry, Lucy Dodd, Mark Flood, David Ostrowski, and Kaari Upson. Each artist visited the site throughout the year and developed new, large-scale bodies of work, some of which were created specifically for the space.
